

Order Minimums, Fees & Multiples

& why they matter to your fundraiser's success?

WHAT IS THE MINIMUM ORDER?

Final team orders must be at least **\$500** before tax at wholesale cost.

IS THERE A DELIVERY FEE?

Yes. Delivery requirements vary by location and are listed on your pricing sheet. Delivery is free once your order meets the **free delivery requirement** (not the \$500 order minimum) for your region mentioned in your pricing sheet.

DO I NEED TO ORDER MY PLANTS IN CERTAIN QUANTITIES?

Yes. Some plants are ordered in set group sizes, called **multiples**. This helps us pack and deliver plants safely and efficiently.

ORDERING IN MULTIPLES

Plants are grouped into categories like **flats**, **baskets**, and **roses**. The visuals below show how **each category is ordered in set multiples** to help you build your order easily.
