

# Winter

Approx. Height: 30-36"  
Width: 16-20"

## Outdoor Greenery Arrangement

A LARGE  
FESTIVE  
GREENERY  
ARRANGEMENT

This planter features a large display of live greenery in a simple pot. With a burst of colour from bows and berries you and your guests will love looking at.

Keep the branch stems submerged in water, similar to a live christmas tree. Check water levels daily.

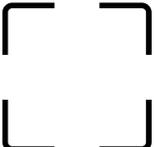

This arrangement does not need light to thrive. Protect from the wind.

This arrangement is made of cut greens and needs the cool outside air to keep it from drying out.

This arrangement is meant to be outdoors. But if you display it indoors check water levels daily.
